

BRAZIL & CHILE TRADE MISSION

July 8-15, 2009

World Trade Center San Diego, in cooperation with the Port of San Diego, is organizing a trade mission to Brazil and Chile, the largest and most affluent markets respectively in South America.

The itinerary includes Rio de Janeiro and Santiago, where participants may attend a mix of market briefings, company visits, and individual meetings on business days. There will be cultural tours and social opportunities in the evenings and on the weekend. The trade mission will provide participants with a broad view and understanding of the two markets, and prepare them for successful trade and commercial relations.
